Thirty-four years ago, Morris Harvey College was given the honor of having this gentleman become a member of its faculty. During these years he has devoted his time to the activities and services of the student body, always working to his fullest capacity.

Before joining our College, he was a research chemist for the S.M.A. Corporation. He has received degrees from Friends University, the University of Nebraska and the University of Colorado. He holds professorships in Chemistry, Mathematics and Physics.

Through the years he has been affiliated with the American Chemical and Physical Societies, the American Association for the Advancement of Science, Sigma Xi, and St. Marks Methodist Church. Here at Morris Harvey he is Chairman for the Division of the Natural Sciences, Head of the Mathematics Department and Director of the Regional Science Fair.

In his leisure time, he enjoys reading political and current events magazines and the Bible. Since childhood he has loved the outdoors, and is often found working in his rose gardens.

However, it is not only his scholarship, leadership and devotion that have endeared him to our College, but also his personal qualities of sincerity, warmth and dignity which have made him a dear and lasting friend.

It is with great pride and esteem that we dedicate our 1965 *Harveyan* to

Dr. P. E. Roller

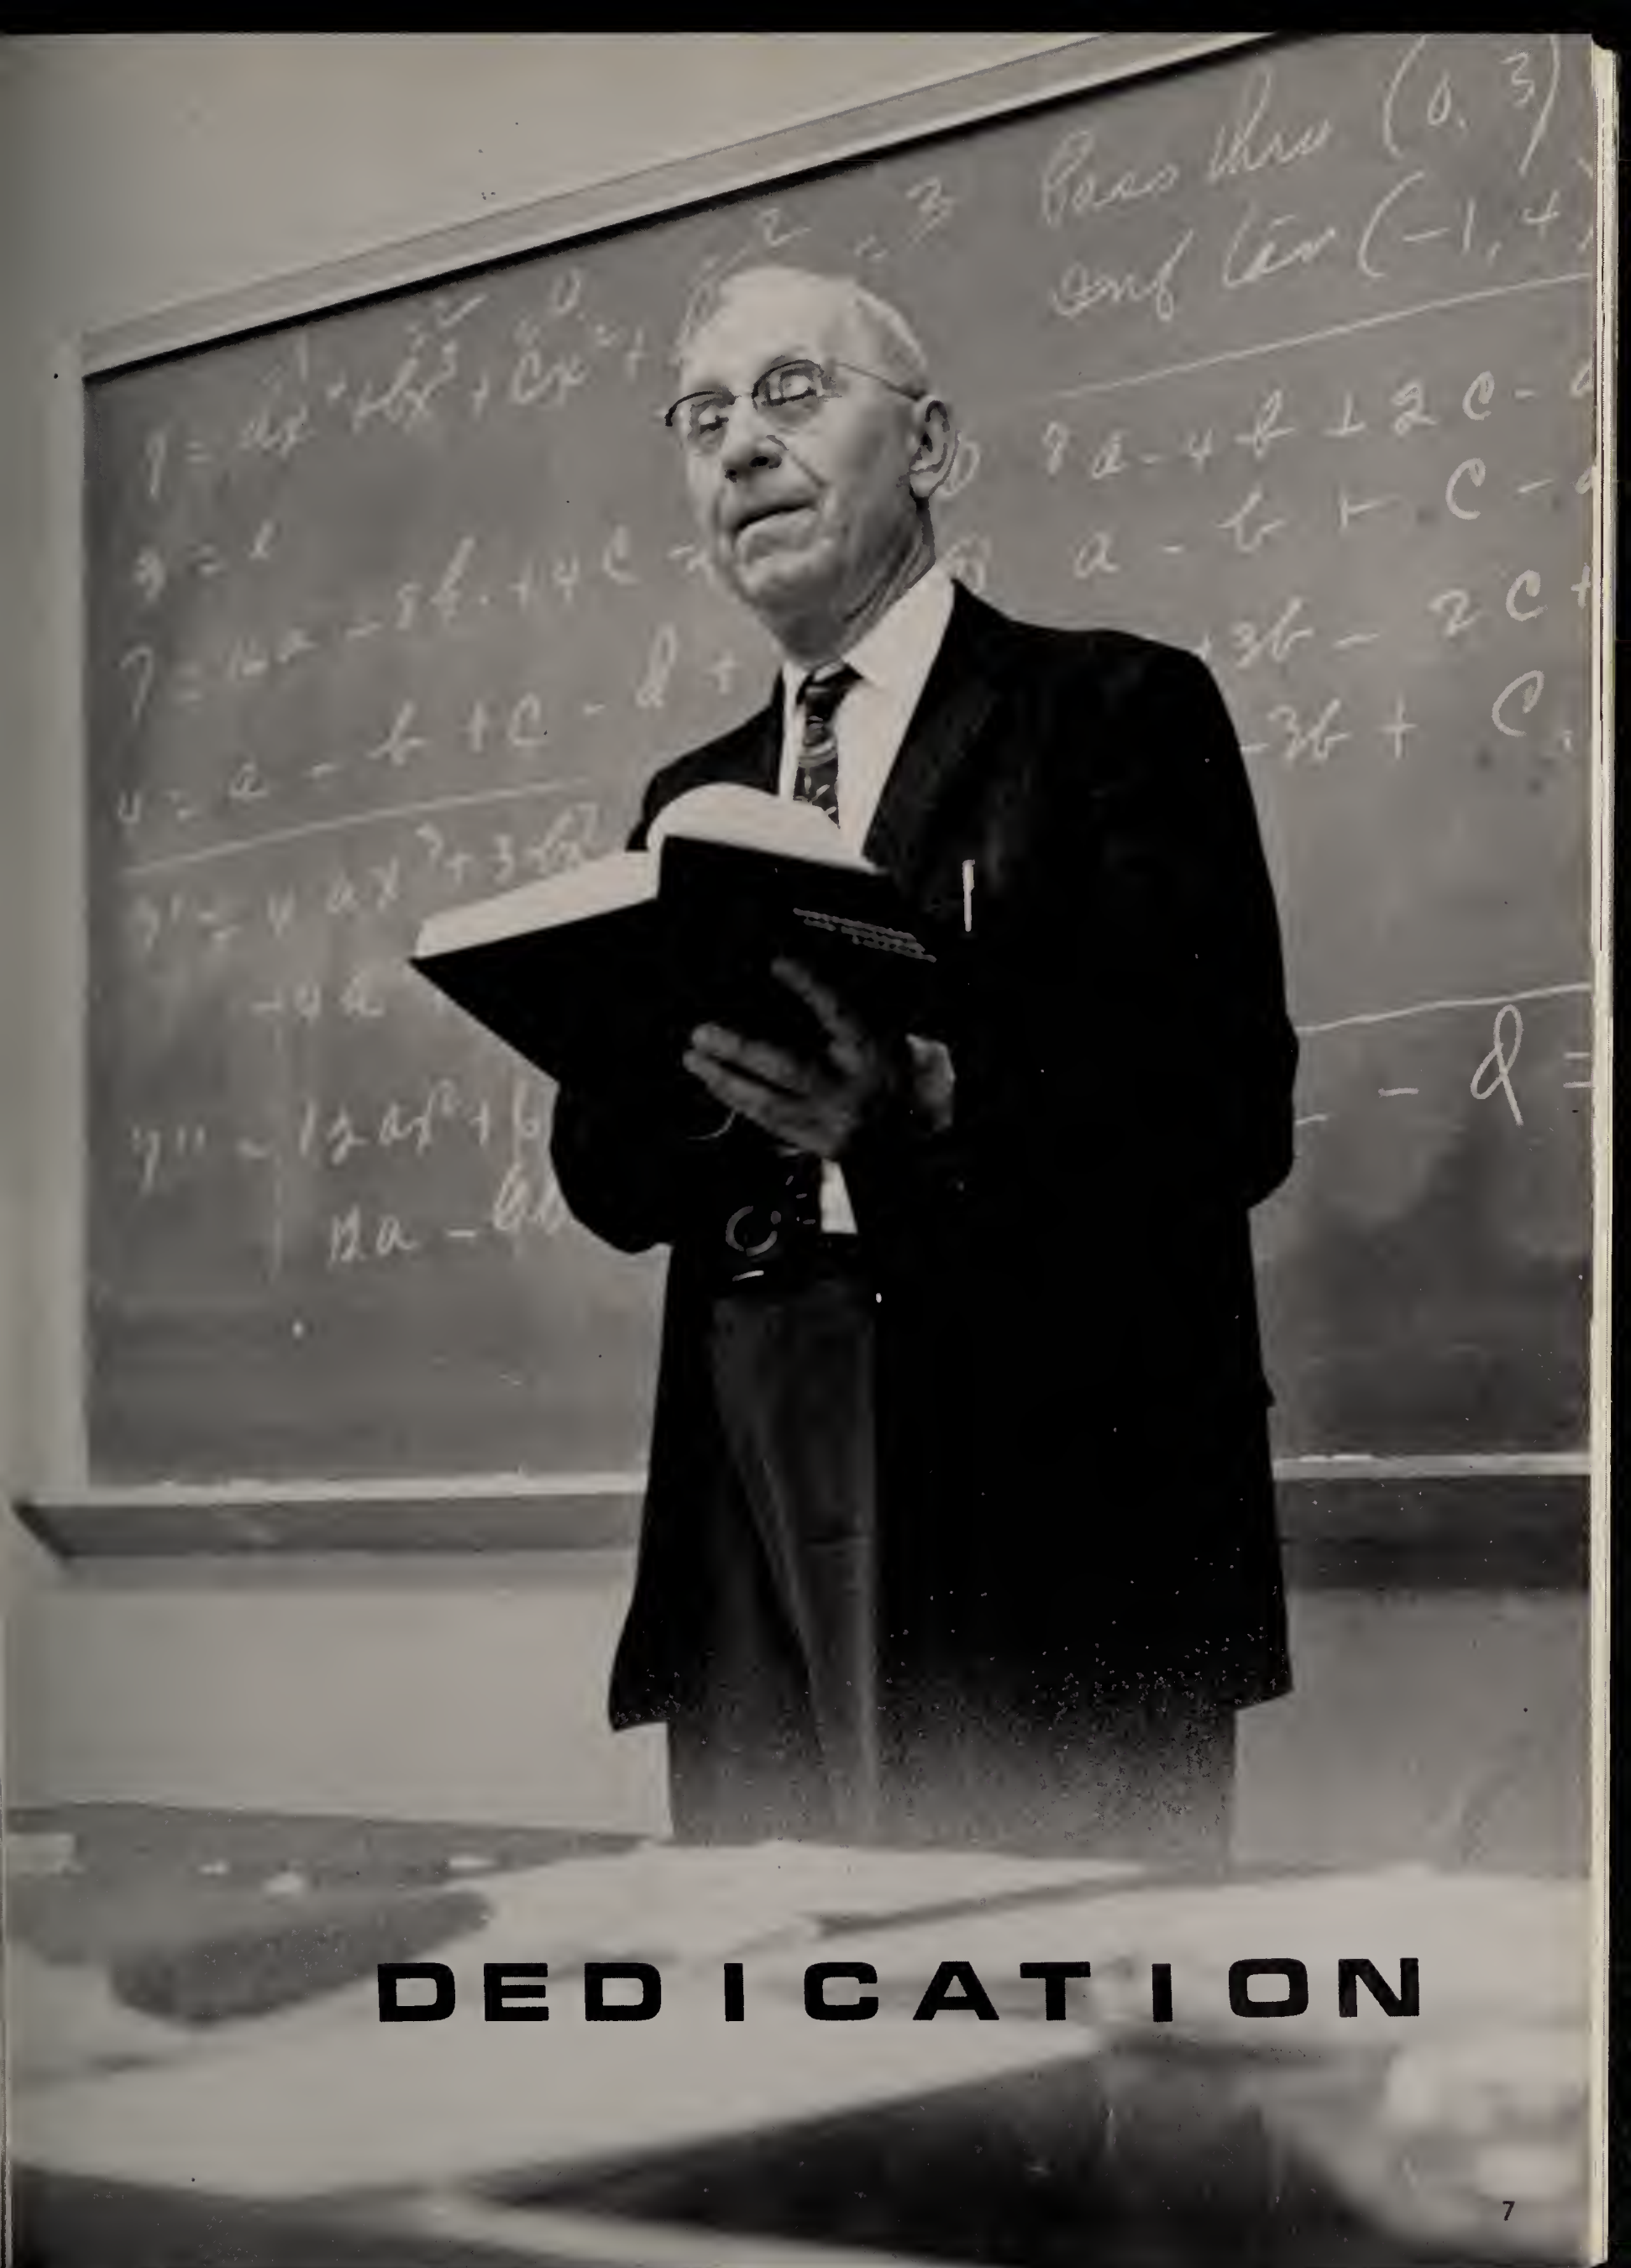

The *Harveyan* Staff

In between his busy schedule, Dr. Roller catches a few moments of relaxation in his office.

Here Dr. Roller prepares for the Regional Science Fair.

STUDENT

LIFE

Student life brings
many things into view:
From the Eagloo, the classroom,
to the Malibu.

*T*hank God *I*t's *F*riday;
a mix sponsored by the
Greeks
And a picnic at Coonskin
to end the week.

Shake it up baby!

The Phi Beta Kappa Club.

Now listen you all!

You say it's illegal to possess what?

Food for thought.

There must be another way.

No! I'm sure this isn't where Mrs. Harris keeps her tests.

What did you say the recipe was?

Here comes the custodian—lift up your feet.

Well you see, there was this girl that was trying to get out of the dorm.

Since when has there been a third floor in Cobb Hall?

The Wright Brothers said it couldn't be done, but we're trying.

Should a gentleman offer a lady a Tiparillo?

Let's twist again!

Zap, you're.....!

It's not the prettiest, but it's different; and besides, I got it from Hex's for 50c.

P-s-s-s-t, write larger.

Socrates contemplates.

Does anyone have a Kleenex?

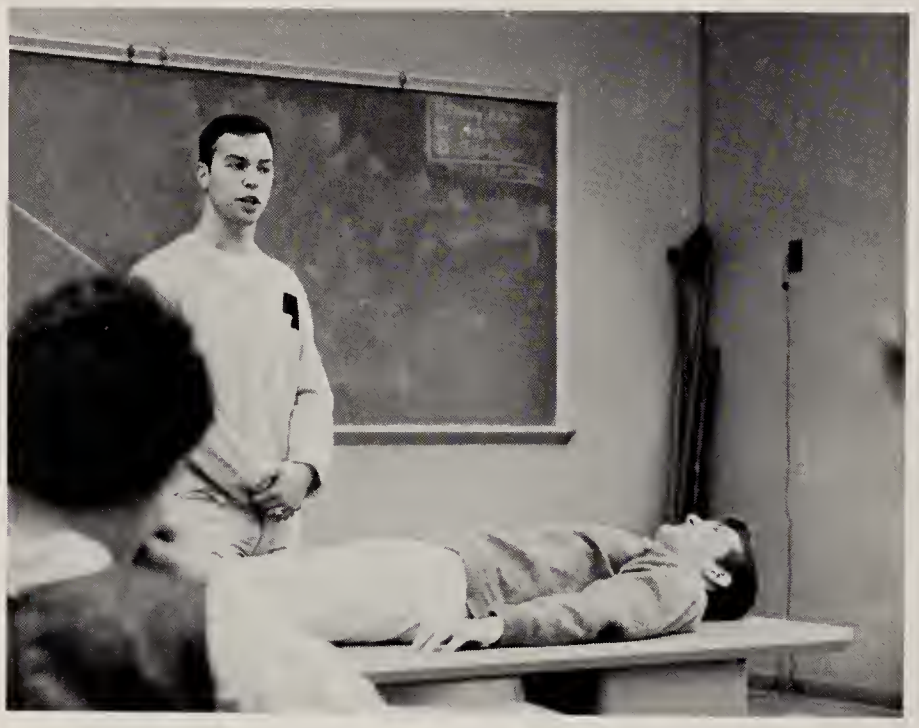

Do we really have to eat all that we don't sell?

Hear no evil; see no evil; speak no evil; and writers' cramp.

Checkers anyone?

The first step in embalming a mummy is—

She: I say tomāto.
He: I say tomäto.

I'll get my name on that list yet.

The Family Portrait.

That new mouth-wash is really powerful!

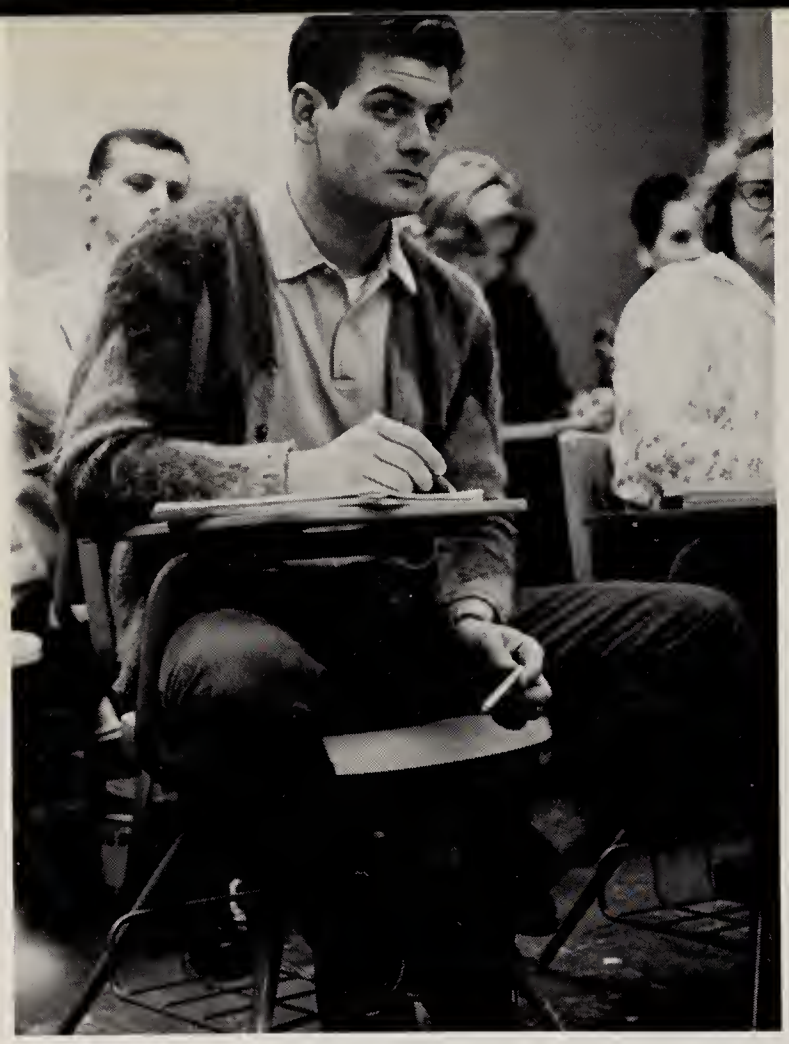

Morris Harvey College's graduating blusher.

Simon says.....

Crackerjack prizes get better each year.

Quick, sit on it!

If you are ready to throw it out, hand it in.

The victor of the snowball fight.

If you pinch me once more, I'll do something drastic.

What's new at the zoo?

The Lemons Four sing "Bitter, Bitter Sweet."

"Take Good Care of My Baby, and My *Lifeboy* Soap," sung by the *SKINS*.

Five foot two, eyes of blue?

Now open your mouth and stick out your tongue—this won't hurt a bit.

And then 'Frosh', three parts Scotch and one part rocks.

"The Thinker" seen here on "Trunk Snow."

ALPHA SIGMA PHI

The purposes of Alpha Sigma Phi Fraternity are to foster education, to maintain charity, to encourage high scholarship, and to promote college loyalties. Its members live up to these purposes by being outstanding participants in all phases of college life. These include scholastic achievement, community service, and high moral standards.

Community relations is a vital connection in college existence. Gamma Mu Chapter has received national recognition for its social service program. Each year, its Brothers take pride in holding a Christmas party for the orphans at the Union Mission, a very gratifying experience.

Scholastic achievement and high moral standards are a prerequisite for all men wishing to join. As an incentive for high scholarship, the chapter offers trophies to those individuals who improve the most over the year.

Alpha Sigma Phi has an elaborate social program. It includes the Fall Week-End, the traditional "Black and White Formal," the Christmas Party, at which the Alpha Sigma Phi "Sweetheart" is announced, the Peppermint Party, and the Sweetheart Weekend in May, the highlight of the social program.

Worthy Hotel

This year, due to the overflow of out-of-state students to the Morris Harvey campus, residence was established at the Hotel Worthy in downtown Charleston.

The boys have organized their own council as have the campus dorms, and are successfully governing their male student body. They have done a good job of making this their home away from home.

Literary Club

At Morris Harvey College those who are interested in the realm of creativity, whether it be romanticism or realism, modern or antiquated literature, become members of the Literary Club, established on this campus in January of 1964.

One of the most prominent features of this club is its annual publication of the *L'Aiglon*. This is a magazine composed of student poetry, prose, art work and musical compositions.

Another of their activities includes an all out campaign to interest students in a wider variety of reading material by reviewing a book a week. This review is then published in the *Comet*. They have also sponsored a number of banquets and dinners to which they have invited prominent literary figures to speak.

Chess Club

The Chess Club of Morris Harvey College is an organization for the purpose of introducing students to a social activity which requires not only a passing bit of knowledge, but skill and concentration.

The members of the club set up tournaments in which they play several games at one time. They also have the opportunity of playing with an expert, as one of their members was once a state champion.

This year the club has sponsored lollipop and apple sales, overnight camping trips, an annual dance and various tournaments for the girls.

Its purpose is to promote Republican policies and principles to students who might be interested, and to activate a general interest in politics.

They have brought many interesting speakers to the campus, and have sponsored rallies with the hope of promoting community interest among the students.

They have also aided the local Young Republican party members during elections by door to door campaigning.

Young Democrats' Club

Lights, places everyone, curtain, action . . . these are but a few of the sounds you might hear if you were back stage during a production by the Blackfriars, the dramatic club of Morris Harvey College.

The club has produced such dramas as "Rebel Without a Cause," which appeared on the Showboat *Rhododendron*, "The Man Who Was Followed By His Heart," the Student Variety Show, "The Mouse That Roared," "The Man Who Came to Dinner," and "Fires of the Diamond," a brief history of Morris Harvey College written and produced by Mrs. Virginia Gray.

Who's Who

Who's Who Among Students in American Universities and Colleges is the highest honor a student can achieve on our campus. Each year this honor is awarded to those students who have been recognized as academic and social leaders.

The students identified in this *Harveyan* are among the select few nominated from approximately 700 colleges and universities. The qualifications that the campus nominating committee is instructed to consider in making its selections are: the student's scholarship; his participation and leadership in academic and extracurricular activities; his citizenship and service to the school; and his promise of future progress and usefulness. The nominations are then sent to the national organization for acceptance. (Missing is Mary Batman.)

The May Day celebration has been a tradition at Morris Harvey College since its founding in 1888.

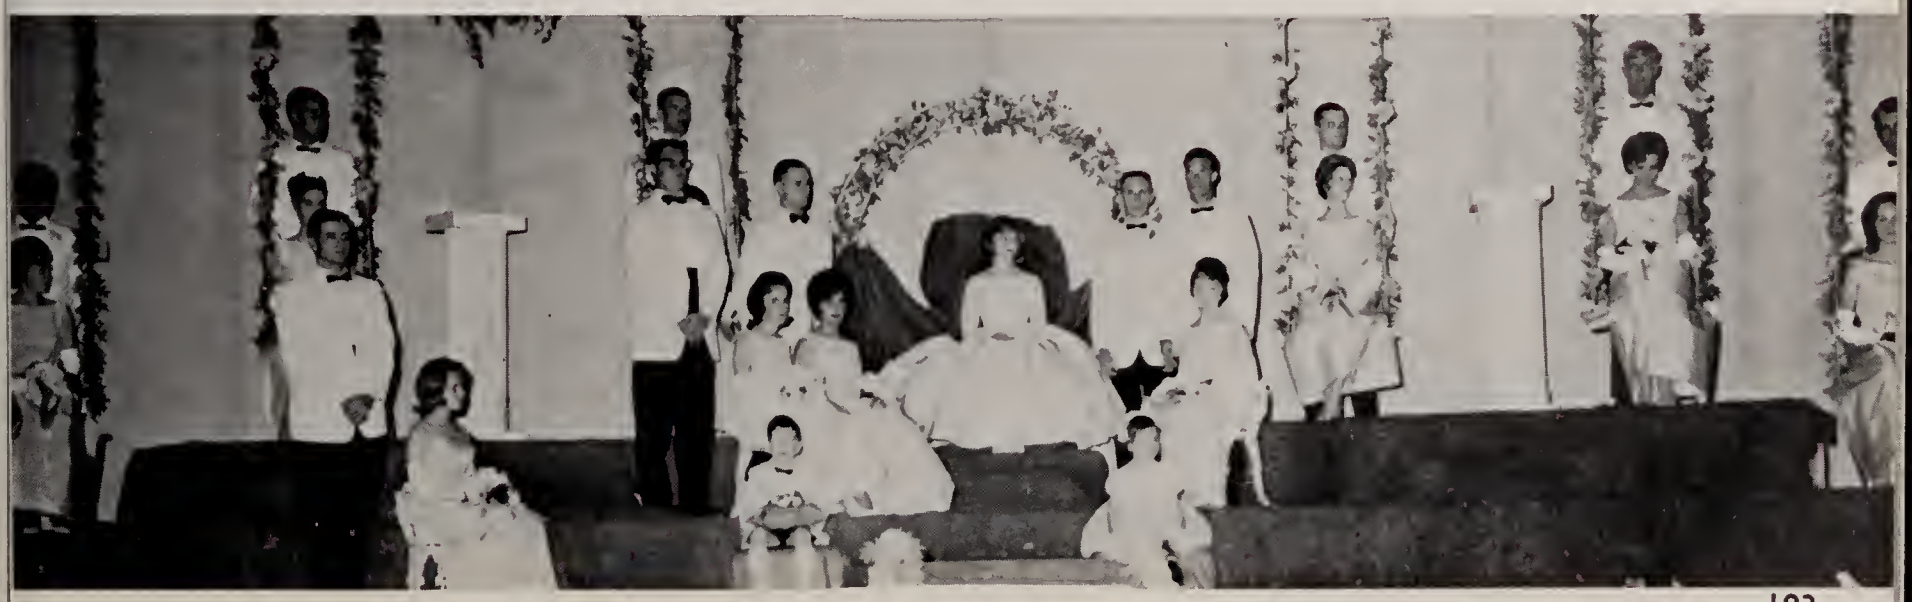

Since the first May Day celebration, the student body has selected one of the pretty co-eds on its campus to represent them as its leader for the festivities which are planned.

The week-end centers around the traditional sing, in which the fraternities and sororities compete for the favor of the Queen and her court. The singers are then judged by members of the administration and prominent people from Charleston.

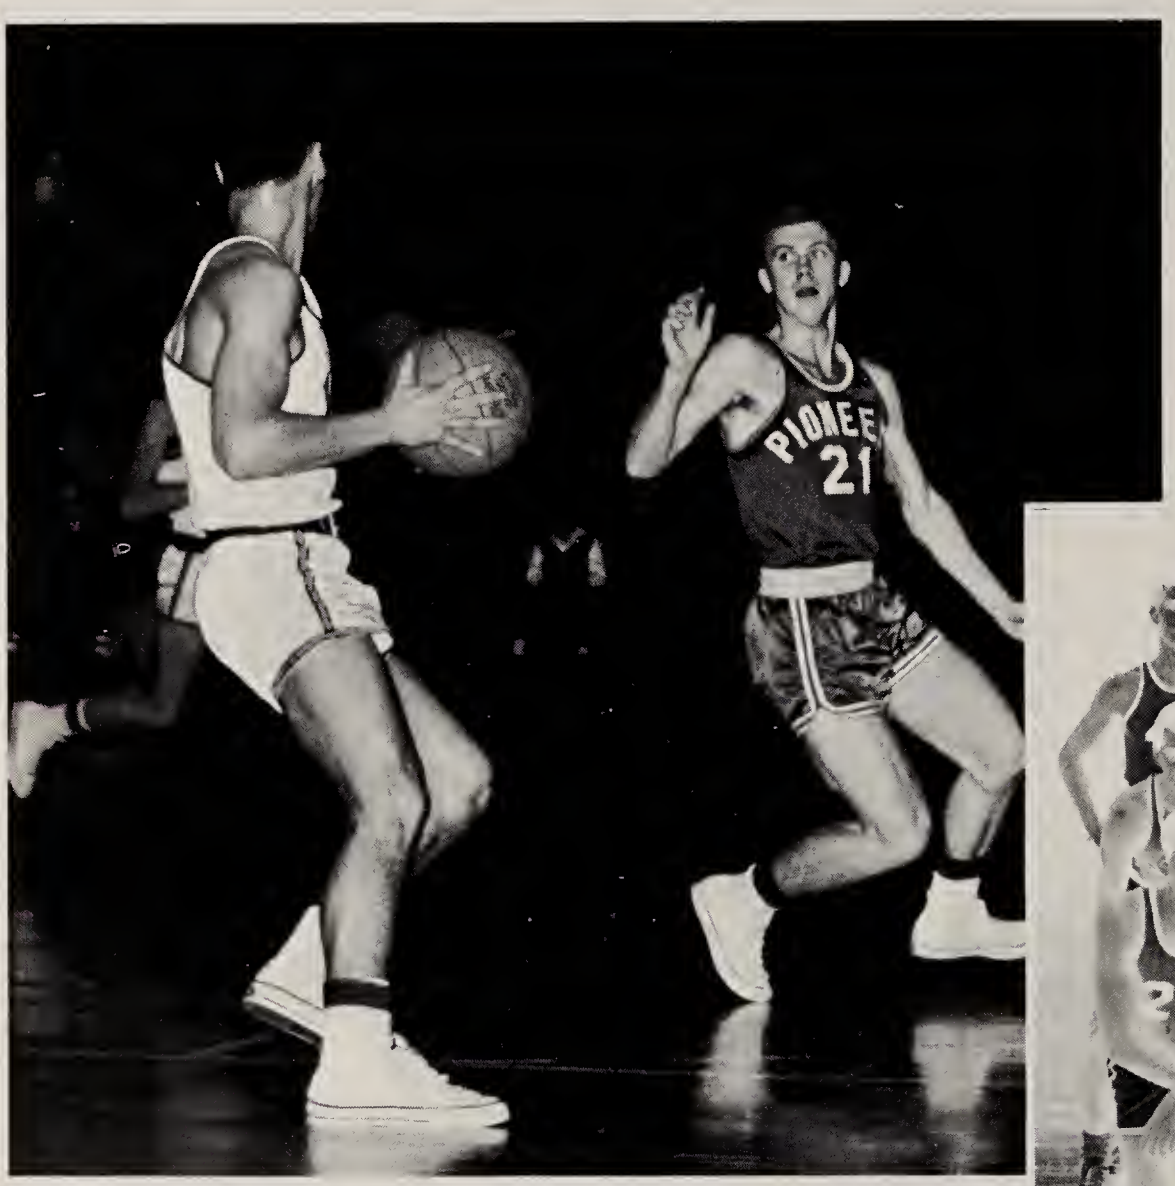

After the selection of the best male group of voices and the best female group of voices, a ball is held in honor of the Queen.

May Day of 1964 had its beginning with the coronation of Miss Sue Hill. The evening's festivities began with songs from the three fraternities and three sororities, of which the Theta Xi Fraternity and Sigma Iota Chi Sorority were chosen as winners. The evening ended with a ball held in the A. W. Cox reception hall.

Heavily hit by a graduation last May which saw four of the previous season's highly rated starting five receive their degrees, Morris Harvey's able coach, Garland "Sonny" Moran, had his doubts about the Eagles' '64-'65 cage campaign. However, in his usual manner, Coach Moran developed some outstanding underclassmen talent and coordinated it with two experienced seniors to come up with a respectable season record of sixteen wins and eleven losses.

The team suffered several key injuries at various points during the season and was never at full strength until Tournament time. The high point of the season came when the varsity scored impressive victories over our highly rated rivals W. Va. Tech, Marshall University and W. Va. Wesleyan.

Even with inexperience as a vital factor, our team did an outstanding job, especially in the comeback during the W. Va. I. A. C. Tournament. The Eagles won the Consolation Round and finished in third place.

With Captain Roger Hart and Gerald Martin on the All Conference Team, Morris Harvey's Golden Eagles show great promise and determination for next season.

This past year due to the construction on our old athletic field, the intramural football games between the independent and fraternity teams were played on an improvised field located between the gymnasium and the main building.

Because the games were played in such a prominent place, many of the students and faculty began to come cheer for the various teams. By the end of the season when the Alpha Sigma Phi and Tau Kappa Epsilon teams played, there were as many as 700 spectators, making it necessary to set up a P.A. system. This generated even more enthusiasm among the students.

This past fall, the two teams battling it out for the championship were the Rinky Boys and the Tau Kappa Epsilons, of which the former won with a T.D. pass scored by David Gallager, in a "sudden death" play-off.

From the shelter of our hallowed halls
To the unknown world of strife;
We walk along together
All too soon to life
